Just Received From Europe

Batiste Embroideries in rich cream and ecru shades are favored by the Parisienne for the adornment of her summer gowns and blouses.

Our third shipment this season of these beautiful Embroideries, just arrived, includes patterns of exquisite fineness—many of them perfect copies of the famous Apenzell and Madeira designs; others copied from the hand-embroideries of great-grandmother's day.

"BRODERIE ANCIENNE," as these mellow-toned Embroideries are termed, are of sheer silk finished Batiste and in tints variously known as "Paris" and "ecru," both slightly deeper than cream and yet clearer than the true ecru shades. The designs, delicate, but most effective, have the new drawn-work and fillet stitches introduced in border effects and are of fairy-like beauty.

EDGINGS range from 39c for a six-inch width, with lace work border in floral pattern, to \$1.98 for ten-inch Edgings, with deep border in ecru and seeded embroidery—combined with finest drawn work.

GALLOONS, double edged and richly effective in design with heavy embroidered border, in 2-inch width, are 79c a yard, and there are Van Dyke and rounded points in 5½ inch widths at \$1.24 and \$1.89 a yard.

The charm of these Embroideries lies in their soft becoming colorings, so well adapted to the present modes and to the fact that the designs are so exquisitely effective.

\$15.00 BRASS SHIP'S BELL CLOCKS, \$11.49

Illustrated. The Seaman's system of telling time by ear, as well as by sight, incorporated in the handsomest of brass clocks—that's the Ship's Bell Clock.

The movements are jewelled, insuring accuracy; the dial porcelain, the massive case of polished brass weighing about ten pounds, although only seven-and-a-half inches tall.

The Seaman's "bell" system used is quite simple and the time can be told without seeing the face of the clock. The deep toned bells are also delightful in their mellow cadence.

For yachts, summer homes, the seashore, these sturdy Clocks are especially attractive and appropriate. Basement, B'way.

Macy's

Herald Square B'way, 34th to 35th St.

Cut out this advertisement and keep it. It will act as a memorandum list of things needed for a Camp.

Of course the list is not complete, owing to space limitation, but it is fairly comprehensive, and indicates the savings that you secure by buying at Macy's.

Visit our very much-improved and enlarged Sporting Goods Department on the Fifth Floor and have our Camping Experts explain how simple and inexpensive it is to run a Camp.
